The Terry Foundation is nearing its eighteenth anniversary and what began modestly in 1986 is now the largest private source of scholarships for a growing number of Texas' public universities. We will remember 2004 as a landmark year for the Foundation: the first expansion of the Scholarship Program to universities other than the University of Texas and Texas A&M University – and new offices for the Foundation headquarters in Houston.

In 2003, the Board of Directors approved for the first time in its history the expansion of the Terry Foundation Scholarship Program to the University of Houston and to Texas State University – San Marcos. The first Scholars for UH and Texas State were selected in April interviews and will begin college in fall, 2004.

The Foundation selected a total of 166 new 2004 Scholars. We are indebted to our Scholars and Scholar Alumni who joined the members of our Board of Directors in serving on the panels to select the new class. This new class, when combined with our existing Scholars, will bring our on-campus population to more than six hundred students.

The spring of 2004 also brought graduation to 110 Terry Scholars, many of whom graduated with honors. They now join a growing body of Scholar Alumni who will continue to participate as the Terry Foundation Family.

On behalf of the Board of Directors and the Foundation staff, we would also like to thank the Scholars, Scholar Alumni, and the staffs at Texas State University – San Marcos, the University of Houston, Texas A&M University, and the University of Texas, for their invaluable assistance during our annual interview process in Austin, Houston, and Dallas.

Remember, the harder you work, the luckier you get!

“Success is the attainment of the goals you’ve set for yourself in life.”

-Howard L. Terry

The Terry Foundation’s goal is to improve and develop the State of Texas by assisting Texas students to attend the state’s finest public universities. The Foundation hopes that these students will have a significant impact on the future leadership of the state and nation. To achieve this goal, the Foundation awards full scholarships to students who meet the high standards set by the Founders.

What began in 1986 as a small scholarship program is now the largest private source of scholarships for the University of Texas, Texas A&M University, the University of Houston, and Texas State University – San Marcos, with over 600 Terry Scholars enrolled. But its origin was neither large nor legendary – and as humble and low-profile as the Founders whose name it bears.

The Terry Scholarship Program was born of a desire of Howard and Nancy Terry to help young people to help themselves. A long-time resident of Houston, Howard Terry had been active for many years in banking, construction, real estate, and oil & gas. With profound business success over the decades and their family’s needs met, the Terrys developed a growing desire to give back to the community and, specifically, to help young people to reach their goals in higher education.

In 1986, the Terrys began considering a variety of options in their desire to make a lasting contribution to the future of Texas higher education. After evaluating ideas as varied as university campus construction projects and endowed-chair faculty positions, the Terrys were still not satisfied. Knowing that universities are more than buildings and classrooms, Howard Terry had repeatedly declined to allow the universities to honor his previous contributions by placing his name on campus structures: “Mortar and bricks will eventually be torn down,” he reasoned. The Terrys believed, in the long term, that a university, like the state it represents, is only as good as the educated citizens it produces. Thus was born a desire to invest in the students who would attend the public colleges and universities in Texas.

The Terrys’ desire to help young people was influenced greatly by Howard Terry’s own college experience: he had attended the University of Texas on an athletic scholarship, where he was captain of the football team and graduated in 1938. His family origins in Cameron, Texas were modest and it was only through the generosity of others that his college education had been made possible. Mr. Terry never forgot the helping hand that he had received in attending college and was determined to extend that same help to a new generation of students.

After seeking counsel from sources that included UT coach Darrell Royal (an original Foundation Board Member) and Houston attorney Rhett Campbell (Board Member since inception and now Board Chair), the Terrys determined that their most lasting contribution would be through a perpetual endowment that would provide college scholarships for students who had demonstrated the capacity to become outstanding future leaders and who needed financial assistance to achieve their goals in higher education. From this simple concept, the Terry Foundation was created in 1986 to be the source of a perpetual scholarship program.
The first scholarship recipients, known since then as “Terry Scholars,” were selected at interviews held in the spring of 1987. That original class of seventeen 1987 Scholars were joined in the 1988-1989 academic year by 17 additional recipients. Over the years, the number of Scholars selected has increased, with the most recent Spring 2004 interviews having resulted in the selection of 166 new freshman Scholars. These recipients will join the upperclass Scholars to number over 600 Terry Scholars enrolled for the 2004-2005 academic year.

During the first seventeen years of the Foundation’s history, Scholars attended only the University of Texas or Texas A&M University. In the fall of 2004, the Foundation Scholarship Program expanded for the first time, when Terry Scholars were named at the University of Houston and at Texas State University – San Marcos. Strategic future plans call for the program’s ultimate expansion to other public universities in Texas.

Since its inception, the Terry Scholarship Program has assisted over 1,200 Texas college students to achieve their goals in higher education. The Foundation Board now oversees an endowment of over $100 million and includes two members who are Terry Scholar Alumni. Chartered to exist into perpetuity, the Foundation is designed to continue in the future to provide a greater number of scholarships each year.

Howard and Nancy Terry continue to be active participants in the Scholarship Program that bears their name. It has become larger than they ever imagined, fulfilling in the process their dreams of making a difference in the lives of students across the state.

Despite his extraordinary success in ventures that made the Terry Foundation possible, Howard Terry observes that “the Terry Foundation is the most important thing I’ve done in my life, because it’s enabled me to help more people than I would have ever been able to do otherwise.”
The Terry Scholarship Program

Criteria
The Terry Foundation awards scholarships to Texas high school seniors who have been accepted for admission to the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, or Texas State University – San Marcos. To be selected to receive a scholarship, potential Terry Scholars must demonstrate academic excellence, leadership and financial need.

Terry Scholars are distinguished by a deep-rooted desire to enrich the general welfare of the community and an established record of leadership. In order to select Scholars with the greatest potential for success, the Foundation’s selection committees focus on candidates with a demonstrated history of involvement in activities, outstanding scholastic achievement, and a well-rounded personality marked by a desire to succeed.

Nominations for Terry Scholarship awards are accepted only from the designated offices at the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, or Texas State University – San Marcos. Nominations are not accepted from any other source.

The Selection Process
Each year in April, the Terry Foundation announces the new class of Terry Scholars after an intense two-step selection process. Early each spring, the universities nominate candidates from the freshman class that will matriculate the next fall. In selecting nominations, the universities adhere to the selection criteria guidelines established by the Terry Foundation.

While the number of nominations and subsequent scholarships has grown substantially since the first scholarships were awarded in 1987, the process to win a scholarship has remained intensely competitive. In selecting finalists, the selection committees at the affiliated universities are limited to a small fraction of the thousands of applications received.

The Foundation administration invites the finalists to formal interviews conducted each spring concurrently in Austin, Houston and Dallas. Finalists meet with a six-member panel consisting of members of the Foundation Board of Directors, Alumni Scholars and current Terry Scholars. The interview panels make the final selections and new Scholars are notified prior to May 1st of the interview year.

In April 2004, the eleven interview panels met with 350 finalists for the final selection process. Of those finalists, 166 were selected for Terry Scholarship Awards.
The Stipend

The Terry Scholarship Award holds the potential to be a full, four-year stipend. Initially, the scholarship is awarded for a Scholar’s first year of college and is renewed annually at the discretion of the Board of Directors. In order to continue as a Terry Scholar, a student must maintain a cumulative 2.5 GPA, meet the requirements for mandatory attendance at specific Terry Foundation events, and fulfill other reporting requirements.

The Terry Foundation seeks to provide adequate financial support for each Terry Scholar so that students may concentrate on academics and college-related activities, without having to incur any debt to finance their education. In addition, the Scholarship Program is designed to eliminate the need for Scholars to work during the college years.

The amount of the stipend is based on the full cost to attend the universities, including tuition, fees, books, on-campus room and board, and miscellaneous expenses. Over the years, the amount of the stipend has increased each year due to rises in cost of living and tuition. The actual specific amount of the stipend will vary for each Scholar, depending on other scholarship awards and the Scholar’s family’s ability to contribute to the cost of college.

Funding

The Terry Scholarship Program is funded by the earnings of an endowment that has been provided solely by the Founders and is managed by the Terry Foundation. The current endowment is slightly in excess of $100 million. The Foundation is structured to exist into perpetuity and anticipates additional growth based on incremental endowment by the Founders.

Terry Foundation
Texas A&M University, the Lone Star State’s first public institution of higher learning, is one of the select few universities in the nation to boast triple land-grant, sea-grant, and space-grant status.

The 128-year-old university is located in College Station, a medium-sized community that is approximately equidistant among the state’s most metropolitan areas. Its 5,200-acre campus is one of the largest in the nation and is the home of the George Bush Presidential Library and Museum, which opened in November of 1997.

Texas A&M has long been known nationally for its school spirit and traditions, including the fact that its students stand throughout football games as the Twelfth Man to indicate symbolically their willingness to suit up and play if needed. More recently, it has expanded its reputation to include national recognition for attracting top students, innovative research programs, and exceptional academic programs in a host of areas. In recognition of its strong academic and related research programs, Texas A&M was recently selected for membership in the prestigious American Association of Universities. Also, it has been awarded a chapter of Phi Beta Kappa, the oldest and most respected undergraduate honors organization in the nation.

The university’s student body includes some of the country’s brightest men and women. Texas A&M, for example, has consistently ranked among the nation’s top schools in enrollment of new National Merit Scholars. In all, it has more than 2,500 students receiving major four-year academic scholarships and over 20,000 receiving some form of scholarship aid.

Texas A&M continues to have the best graduation rates for any public university in the state – for the overall student body and for African-American and Hispanic students. Also, its graduation rates are improving – bucking a national trend.
With approximately 45,000 students, Texas A&M ranks among the six largest universities nationally. Among those students are more than 8,000 graduate and professional-school students. Included are students from all 50 states and more than 120 foreign countries.

Although military training has not been mandatory for more than a quarter of a century, some 2,000 young men and women still choose to participate in the university’s Corps of Cadets. The Corps continues to commission more military officers than any institution except the service academies.

Texas A&M ranks among the top 10 universities nationally in endowment value, reflecting its ability to support world-class faculty and facilities and other aspects of the academic process. The faculty includes a Nobel Laureate, two winners of the National Medal of Science and more than 25 members who have been elected to either the National Academy of Sciences or the National Academy of Engineering.

The university’s campus has numerous state-of-the-art laboratories and research facilities, including a research cyclotron, now one of only three of its caliber in the world. The university also has a leading chemical characterization center and various installations that enable it to be in the forefront in biotechnology and numerous other disciplines in both the life and physical sciences and in engineering.

The research work of an outstanding faculty in exceptional facilities places Texas A&M high in rankings of major universities by the National Science Foundation. The most recent NSF ranking placed Texas A&M among the top 20, and the university’s volume of research has grown to more than $500 million. The research projects supported by that funding encompass all of the university’s academic colleges – agriculture and life sciences, architecture, business, education, engineering, geosciences, liberal arts, science, and veterinary medicine. Homeland security figures prominently in several new programs at Texas A&M with multi-million dollar federal funding support.

Not to be limited by state or national boundaries, Texas A&M is firmly committed to a global reach and perspective. Its international outreach efforts include memoranda of understanding with more than 85 foreign institutions and organizations throughout the world. It opened a branch campus in Qatar last year. All costs for building and operating the engineering-oriented campus in the Persian Gulf country are being paid by the Qatar Foundation for Education, Science and Community Development. In addition, Texas A&M operates the Santa Chiara Study Center in Castiglion Fiorentino, Italy, and a facility in Mexico City. Also, many College Station-based multi-disciplinary groups are devoted to enhancing research and scholarship opportunities both at home and abroad.

Campus Orientation

The Terry Scholars at the University of Texas and Texas A&M University gathered on campus in Austin and College Station for the Foundation’s annual Orientation programs. These events were held in late summer, just prior to the start of the fall 2003 semester.

For new freshman Scholars, Orientation is designed to focus special emphasis on the challenges faced by first-year college students. The day’s events included presentations on the Foundation scholarship program by Board Chairman Rhett Campbell and President Ed Cotham. The Scholars also met with members of college administration and with invited guest speakers in the fields of time management and study skills.

The upper class Scholars attended seminars on preparation for graduate school and post-baccalaureate careers, which featured counsel from professionals in the work force, many of whom came from the growing body of Terry Scholar Alumni.

Scholars met at the end of the Orientation with representatives of the two on-campus Terry Scholar organizations and enjoyed an informal dinner and networking with fellow Scholars. The Terry Scholar Student Association (at the University of Texas) and the Terry Foundation Student Organization (at Texas A&M University) organized and hosted the activities.
The Fall Banquets

TEXAS A&M UNIVERSITY

In October of 2003, Scholars were hosted by the Foundation at the annual fall dinners.

Foundation Board Members and staff joined the Scholars and university guests on the campuses in elegant settings for the annual banquets. The banquet at College Station was held in the beautiful Jon L. Hagler Center on the campus of Texas A&M. Aggie Scholars greeted Howard and Nancy Terry and enjoyed dinner and networking with the Directors and fellow Scholars.

UNIVERSITY OF TEXAS

Later in October, the Alumni Center at the University of Texas was the site of the banquet in Austin. UT Scholars enjoyed an evening of fine dining and fellowship hosted by the Terrys. Scholars joined the members of the Foundation Board of Directors and staff and invited guests from the University administration for the annual event.

2004 Interviews

April of 2004 brought the highlight of each Foundation year, when interview panels selected 166 new 2004 Scholars. The finalists came from every area of Texas to interviews held concurrently in Austin, Houston and Dallas.

The interviews in 2004 will be remembered for a landmark in the Foundation’s history: the first expansion of the Scholarship Program to other universities. For the first time in 2004, the Foundation interviewed candidates nominated by the University of Houston and Texas State University – San Marcos. At the end of the interviews, the Foundation named 16 new 2004 Scholars for the University of Houston and 16 Scholars for Texas State University – San Marcos.

Members of the Board of Directors were assisted by 53 Scholar Alumni and current Scholars who served on eleven interview panels. Over the course of the interviews, the eleven panels interviewed a total of 350 finalists nominated by the universities.

The Foundation Board of Directors extends special thanks to those Scholars and Alumni Scholars who assisted on the selection panels, with particular appreciation to Scholar Alumni Gayle Bean Stinson (UT–1987) and Doug Stanley (A&M–1990), who served as panel chairs in Austin and Dallas.
The Winedale Picnic

The Foundation annual picnic is held the last Sunday in April on the grounds of the Winedale Historical Center near Round Top, Texas. All of the Scholars from each of the universities meet together for the only time each year for an informal gathering that honors the graduating senior Scholars.

In April of 2004, approximately 600 current Scholars were joined by the Foundation Board Members and staff, Alumni Scholars and their families, and guests from the universities. Catered lunch was followed by the presentation of gifts to the graduating senior Scholars. Following tradition, each Scholar took the microphone to speak briefly of their future plans and then, as a group, honored Howard and Nancy Terry with gifts from each school’s class of senior Scholars.

The 2004 picnic was memorable in one unfortunate regard: the weather. Scholars will likely not forget the 2004 picnic – due to the pounding rain. Weather which looked promising early in the day deteriorated quickly and by the time the buses arrived at the picnic site in Winedale, the rain had begun. Undeterred, the Becks Prime catering crew shielded the outdoor grills with umbrellas and the scheduled program followed lunch.

But the rain poured throughout the entire event and, following the program, Scholars headed quickly to the buses for a soggy ride home. The picnic in 2004 also marked the first weather-related cancellation of the “Terry Olympics,” the annual fun-filled competition sponsored by the Scholar Student organizations.

The University of Texas at Austin is recognized for its accomplishments in research, teaching, and public service. It is the flagship of the 15-campus University of Texas System. Since its beginnings on 40 acres in 1883, the University has grown to a main campus of more than 410 acres and 142 buildings. UT Austin also extends beyond the boundaries of the main campus, incorporating research centers across the state that keep the University at the forefront of study in such areas as nanotechnology, robotics, geophysics, astronomy, marine science, history, literature, and engineering.

Located in the heart of Texas’ capital city, UT Austin gives students all the benefits of a big University in a medium-sized city. Austin, the “live music capital of the world,” is home to state government, industry, the arts, sports teams, some of the finest restaurants in Texas, and the world’s largest urban bat colony.

Students come to UT Austin to define themselves as individuals and as part of larger, diverse communities. They come to achieve the extraordinary – to become tomorrow’s leaders. Some future and current Longhorn leaders exhibit outstanding academic abilities, some choose to confront challenges, some continually
search for new opportunities, and some achieve extraordinary personal success in overcoming difficulties and facing responsibility. Students are able to become part of small communities of people with similar, or different, ideas and interests. The University’s more than 750 student organizations sponsor conferences, seminars, debates, cultural and social events, and fine arts programs. Students interact with local, state, and nationally renowned scholars, artists, politicians, academicians, and other professionals.

The University seeks to maintain a student body that is diverse in nature but united in its pursuit of higher education. In the 2003 fall semester, the University enrolled 51,426 students with richly varied ethnic and geographic backgrounds, from 50 states and 120 foreign countries. With 450 study abroad programs to more than 80 countries, the University also has the second largest number of students in the nation who choose to expand their knowledge of the world’s cultures and peoples by pursuing their studies abroad.

The faculty of UT Austin is composed of 2,646 professors and lecturers supported by approximately 2,874 assistant instructors and teaching assistants. They include the winner of the 1967 Pulitzer Prize in History; a recipient of the 1968 Enrico Fermi Award; the 1970, 1991, 1993, and 2000 National Medal of Science recipients; and the winner of the 1979 Nobel Prize in Physics. The university has 1,187 endowed academic positions – 271 chairs, 501 professorships, 21 visiting professorships, 127 lectureships, and 267 fellowships. From the efforts of individual faculty members to the work of 91 organized research units, scholarly inquiry covers a broad range of disciplines – literally spanning the known universe from the inner workings of atomic nuclei to the far reaches of space.

In addition to teaching and research responsibilities, faculty members maintain regular office hours and many serve as academic advisers to students. Although UT Austin is a large university, students will find most classes small enough to allow for considerable faculty and student interaction.

Howard L. Terry

Native Texan Howard L. Terry was born in Milam County in 1916. He attended the University of Texas on an athletic scholarship and earned his B.B.A. in 1938. He was employed by Procter & Gamble until 1942, when he entered the U.S. Navy and served as a P.T. Boat commander in the Pacific during World War II. He later returned to Procter & Gamble, from which he was recruited to set up a chain of appliance stores, serving as General Manager until 1951. At that time, Terry went into business for himself in lumber, building, and development, building several residential subdivisions in Texas and other states.

Over the following years, Terry founded several businesses in various fields, including Business Funds, Marathon Manufacturing, Crutcher Resources, Allied Bancshares, and Farm & Home Savings. Beginning in 1979, he became a director and chairman of the executive committee of Penn Central Corp., a position he held until 1986. In 1981, he founded the Terry Companies, a multi-state corporation involved in oil & gas exploration and development.

Howard and Nancy Terry are both long time residents of Houston, Texas. Mr. Terry enjoys golf and is actively involved in the operations of the Terry Companies and the Terry Foundation. Despite his series of remarkable success in business endeavors in many fields, he often refers to the Terry Foundation as his finest achievement.

Nancy M. Terry

Nancy Terry is a native of New York State, born in Ogdensburg on the St. Lawrence River. She attended the School of Nursing at the University of Rochester, New York, where her hobbies included snow skiing, ice skating, swimming and antique collecting.

She subsequently relocated to Texas and for over thirty years has been married to Howard L. Terry, with whom she founded the Terry Foundation in 1986. Mrs. Terry is active in Foundation events and in the annual interviews in which the new Scholars are selected. Her principal interests now include golf, art, interior design, gardening, politics, her family, her dog, and the Terry Scholars.
Rhett G. Campbell
Chairman of the Board

Edward T. Cotham Jr.
President

Rhett Campbell served on the original Board of Directors of the Terry Foundation and has worked closely with Howard and Nancy Terry in the management and direction of the Foundation since its inception in 1986. He was named Chairman of the Board in 2000.

Rhett is a partner in the Houston offices of the Thompson & Knight law firm, where his areas of specialization include civil trial and business bankruptcy. He was a founding member in 1977 of the Houston law firm of Morris & Campbell, where he practiced until 2001. He holds both a B.A. (with high honors) and J.D. (with honors) from Southern Methodist University, where he was honored as a Hatton Sumners Scholar and as a member of Phi Beta Kappa, Order of the Coif, and Order of Barristers.

Rhett is married to Houston native Susie Seybold. They have three children and reside in Houston.

Ed Cotham serves as President of the Terry Foundation, where he assists Mr. Terry in the management of the Foundation endowment portfolio and serves as chief operating officer for the Foundation. In 1993, he was named President of Terry Petroleum Company. Prior to joining Terry Petroleum, Ed practiced law with the Morris & Campbell law firm in Houston.

Ed holds an undergraduate degree in Economics from the University of Houston and a Masters Degree in Economics from the University of Chicago. A native Texan, Ed returned to complete a law degree from the University of Texas.

Ed and his wife, Candy, have one son and reside in Houston.
John W. Storms has served on the Foundation Board of Directors since its inception in 1986. John is the Managing General Partner of Storms & Crizt, Certified Public Accountants, of Houston. John also serves on the boards of other business entities with operations as varied as banking, oil & gas, and restaurant operations. He is also an active member of the board of Child Advocates, Inc. of Houston and is currently an officer and board member of National CASA Association, the national oversight organization for over 900 such entities across the United States.

John is a Certified Public Accountant and holds a B.B.A. from the University of Texas and an M.B.A. in taxation from the City University of New York.

John and his wife, Charlene, reside in Houston and are the parents of two grown daughters and five grandchildren.

Carter Overton has served on the Foundation Board of Directors since its inception in 1986. Carter is the President and C.E.O. of JMI Energy, Inc. of Houston. He worked previously for Terry Petroleum Company, where he served as Vice President of Operations. Carter also serves on the Board of the Texas Business Hall of Fame Foundation.

A native Houstonian, Carter received both his B.B.A. in Petroleum Land Management and his M.B.A. from the University of Texas.

Carter and his wife, Tíné, reside in Houston with their two daughters.
James D. Davis

Jim Davis is a Principal and Consulting Actuary for Milliman in Dallas, where he specializes as a retirement actuary, is responsible for financial oversight of the Southern Region Employee Benefits Practice, and also oversees the consulting groups operating within the region.

A native of Quitman, Texas, Jim became a Terry Scholar in 1989. He graduated from the University of Texas in 1993, where he received a Bachelor of Arts Degree in Economics (with highest honors) and was elected to Phi Beta Kappa.

Jim was named to the Foundation Board of Directors in 2000, one of the first Alumni Scholars to be elected to the Board. Jim has three daughters – Avery, Reagan, and Jami – and lives in Dallas, Texas.

Yvonne Rode Moody

Yvonne Rode Moody was named one of the first Terry Scholars as part of the original class in 1987. She was named to the Foundation Board in 2000, one of the first Alumni Scholars to be named to the Board.

A native of Fredericksburg, Yvonne received a B.S. in Mechanical Engineering from Texas A&M in 1991. She worked for eight years with Chevron as Construction Project Manager for the Houston Retail Marketing Group.

Yvonne's most recent position is as full-time mom to two daughters, with whom she and her husband, Ted, live in San Antonio.
ABOUT THE FOUNDATION STAFF

Director of Scholar Relations
Beth W. Freeman

Beth Freeman has played a key role in the Terry Foundation since the Terrys established the organization in 1986. Beth joined the Terry Operating Companies in 1983 and was named Foundation Administrator in 1986. For many years, Beth has been the primary liaison among the Foundation Board of Trustees, the Terry Scholars, and the participating universities. She was named Director of Scholar Relations in 2002.

Beth coordinates the annual Foundation events and manages communications with the growing body of Scholars and Scholar Alumni. She supervises the annual spring interview process and serves as the Foundation liaison with the Offices of Student Financial Aid at the universities.

Foundation Staff

The Foundation staff includes Brandy N. Skillern, Barbie Tyler, Jamie M. Skillern and Robert L. Parker.

THOUGHTS FROM THE SCHOLARS

“I wouldn’t trade these experiences for anything in the world!”
Heriberto Gonzalez
2000 Terry Scholar

“I have no idea what opportunities will arise… but I am certain of one thing – whatever I do, it will be my best.”
Monica Culver
2002 Terry Scholar

“Mr. and Mrs. Terry, I hope you will see my hard work as a sign of my appreciation for this gift.”
Barry Duong
2002 Terry Scholar

“I am starting to look at life as an uphill battle. But, no matter what has come my way, I have faced it and, in some way, have always found success.”
Frederick Woods
2001 Terry Scholar

“My goals are set high, and I plan to do my best in order to achieve them and make the Foundation proud.”
Vanessa Stevens
2003 Terry Scholar

“As I continue to meet more Terry Scholars, I am humbled to have been included in a group with such great people.”
Will Krueger
2002 Terry Scholar
